

Grease Off

Smokehouse, Oven, Fryer, & Griddle Cleaner

Grease Off is fast-acting, non-flammable, quick, and easy to use. Removes grease and baked-on food from range hoods, ovens, grease filters, range canopies, coffee urns, toasters, grills, and exhaust fans.

DIRECTIONS FOR USE

LIGHT DEGREASING: Use 1 to 2 ounces of **Grease Off** per gallon of warm water. Wipe on, or use trigger sprayer to apply to surface. Wipe off using a clean damp cloth.

MODERATE DEGREASING: Use 2 ounces of **Grease Off** per gallon of warm water. Use a sprayer to apply to surface, wipe off using a clean, damp cloth.

OVEN CLEANING: Heat oven to 150° to 200°F. Open and spray **Grease Off** straight onto all surfaces including racks. Allow oven to stand a few minutes. Remove racks and scrub with an abrasive pad or brush. Rinse racks with water thoroughly and wipe dry. Wipe out inside of oven with a damp sponge wringing out frequently in clean water. Wipe dry with a cloth.

GRIDDLES: Remove excess grease and loose particles with spatula. While griddle surface is still warm (NOT HOT), apply solution containing 2 ounces of **Grease Off** per gallon of water. Allow to soak for 2 minutes. Wipe off with a clean, wet cloth, then wipe with a clean, dry towel.

TECHNICAL DATA

Color.....	Amber
Scent.....	Glycol
