

Heavy Duty Cleanup

High Foaming Degreaser

HD Cleanup is used to clean food processing areas and equipment, including meat plants, poultry plants, restaurants, etc. The formula actually breaks down the fats and oils. **HD Cleanup** is biodegradable, high foaming, and butyl free. USDA A-1.

DIRECTIONS FOR USE

All food must be removed or covered in areas to be cleaned. Heavy accumulations of waste matter, soil, or meat and fat particles should be hand scraped from surface to be cleaned.

MANUAL APPLICATION: By mop, brush, or sponge, use 1-4 ounces of **HD Cleanup** per gallon of water. Apply to surface and let stand 5 minutes; rinse with clear water and let drain completely before reuse. FOAM APPLICATION: Use at full strength. For most cleaning operations, the proportioning device in the foamer should be set to dilute 1-4 ounces of **HD Cleanup** per gallon of water. Let foam remain on the surface approximately 5 minutes. Rinse with clear water and drain completely before use.

TECHNICAL DATA

Color.....	Clear
Scent.....	Characteristic
Foaming.....	High
Solubility in Water	Complete
Density (lb/gal)	8.6
Flash Point	None
pH	13.8

TECHNICAL DATA SHEET

Heavy Duty Cleanup

FEATURES

Higher foaming

Faster cleaning

Butyl-free

USDA authorized; A-1 rated

Versatile

CUSTOMER BENEFITS

Better clinging to vertical surfaces for better cleaning

Reduced labor costs

Worker safe; avoids costly testing

For use on and around food processing equipment

Can be used with foam gun, spray bottled, or mop in food areas and shower rooms
