

SD-25

SANITIZER-DEODORIZER

SD-25 is a concentrated, quaternary sanitizer, disinfectant, and deodorizer used for sanitizing food processing equipment, dairy equipment, food utensils, dishes, silverware, glasses, sink tops, countertops, refrigerated storage and display equipment, and other hard non-porous surfaces. USDA D-2. EPA Registered.

DIRECTIONS FOR USE

SANITIZING OF FOOD PROCESSING EQUIPMENT & OTHER HARD SURFACES IN FOOD CONTACT LOCATIONS: Wash and rinse all articles thoroughly, then apply a solution of 1 ounce **SD-25** in 4 gallons of water (150ppm active). Surfaces should remain wet for at least one minute followed by adequate draining and air drying.

RESTAURANT & BAR RINSE: For dishes, glassware, silverware, cooking utensils, immerse in a solution of 1 ounce of **SD-25**/4 gallon water. No rinse is required.

FOOD PROCESSING EQUIPMENT & DAIRIES: Clean and rinse equipment thoroughly, then apply sanitizing solution containing 1 ounce/4 gallons of **SD-25** to 1 gallon of water. No rinse is required.

See label for further directions.
