

Sour Ball

Liquid Laundry Sour

Sour Ball is a high acidic product designed to neutralize residual alkalinity in the fabrics and adjust linen pH to minimize potential for skin irritation. For industrial and institutional use only. It features unusually high concentrations and is recommended to be used in **Gator Chemical's** Liquid Dispensing System to maximize 100% efficiency and chemical usage.

DIRECTIONS FOR USE

Use **Sour Ball** with automatic dispensing equipment to feed directly from this container to the washer. Consult your **Gator Chemical** representative for additional information.
