

Citrus Heavy Duty Degreaser

Degreaser

Citrus Heavy Duty Degreaser is a multi-purpose degreaser that can be used on concrete floors, industrial machinery, hand tools, power tools, vinyl and fiberglass surfaces. It penetrates, emulsifies and lifts off dirt, grease, oil, sludge, grime, polymer compounds, and adhesives. Can be used on most painted or unpainted metals (including aluminum and stainless steel), ceramics, glass, porcelain, and plastics. Note: Test on all surfaces before using.

DIRECTIONS FOR USE

1. Turn spray nozzle so arrow points to dot on rim.
2. Spray directly on surface, thoroughly coat to be cleaned and allow to soak in.
3. Let sit for 5-10 minutes.
4. Wipe with a clean cloth or rinse surface with water.

Important: Rinse immediately from surface to avoid streaking or de-waxing. When using on a painted surface, pre-test a small area to be sure paint is not affected. Avoid use on asphalt, black top, rubber or other surfaces that are harmed by petroleum solvents. Plastics should be immediately wiped clean.

TECHNICAL DATA

Color.....	Clear
Scent.....	Citrus
Foaming.....	Low
Solubility in Water.....	Negligible
Density (lb/gal).....	8.5-9.5
Flash Point.....	-156°F
pH.....	8.38

Citrus Heavy Duty Degreaser

FEATURES

No chlorinated solvents

No petroleum distillates

Non-flammable

Clings well to vertical surfaces

Wide, high foam spray pattern

Pleasantly scented

CUSTOMER BENEFITS

Worker friendly

Worker friendly

Worker friendly

More contact time, for the toughest soils

Covers more area, saves on labor cost

Great to work with
