

Glisten

Stainless Steel Polish Oil-Based

Glisten cleans, polishes, and protects all metal surfaces including aluminum, silver, and stainless steel. **Glisten** helps restore the original luster, while protecting metal surfaces from the effects of the environment. Removes finger marks and prevents resoiling. No "solvent" odor. Pleasant mint scent.

DIRECTIONS FOR USE

Spray a moderate amount of **Glisten** on a damp cloth. Apply to surface following the "grain" of the metal. Buff and polish with a clean, dry cloth, following the "grain" of the metal.

TECHNICAL DATA

Color.....	Clear
Scent.....	Mint
Foaming.....	N/A
