

# Restore

## Floor Finish Restorer

**Restore** is a floor restorer for ultra high speed buffing. It quickly and easily cleans and restores floors to full beauty. **Restore** repairs scratches and marks in the floor and increases the time between strip outs. Large areas can be buffed in a short period of time. Saves labor, time, and money.

### DIRECTIONS FOR USE

Sweep floor. Mop or auto-scrub floor. Dilute 32 ounces of **Restore** per gallon of water. Mop floor with diluted solution and allow to dry to a haze. Burnish floor with ultra high-speed floor machine.
