

SDC-600

Heavy-Duty Degreaser

SDC-600 is specially formulated for industrial cleaning jobs. Moderate foaming and rinses free with hot or cold water. Contains corrosion inhibitors to help prevent flash rusting. Contains no free oils.

DIRECTIONS FOR USE

NORMAL GREASE & SOIL REMOVAL: Make up a solution using 10 ounces of **SDC-600** to 1 gallon of water. Apply solution with a brush, mop or sponge. Allow 2-3 minutes for the product to penetrate the soil build up. Scrub if necessary and flush with clean water.

HEAVY GREASE & SOIL REMOVAL: Make a solution using 32 ounces of **SDC-600** to 1 gallon of water. Apply solution with a brush, mop, or sponge. Allow 2-3 minutes for the product to penetrate the soil build up. Scrub if necessary and flush with clean water.
