

# Sniper II

## Ant & Roach Residual Spray

**Sniper II** with baygon kills ants, roaches, spiders, fleas, and other pests on contact. Kills pre-adult fleas for up to 42 days. **Sniper II** not only kills instantly, also provides excellent residual protection from annoying pests including cockroaches, water bugs, silverfish, crickets, carpet beetles, brown dog ticks, fleas, ants, spiders, scorpions, flies, mosquitoes, gnats, wasps, June bugs, flying moths, etc. When you want them dead...with a vengeance...take aim with **Sniper II**. EPA Registered.

### DIRECTIONS FOR USE

Remove the cap. Hold can upright. Point valve opening away from the face. Press button to release spray. Apply this product as a course spray to localized areas where pests are found or may occur. Spray into cracks, crevices, around baseboards, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs, and other places where these insects hide. Apply behind and beneath cabinets, refrigerators, sinks, stoves, and in and around waste containers. For ants, spray trails and places where ants enter premises. Do not allow children to contact treated surfaces until surfaces are completely dry. For ticks, spray sleeping quarters of pets, around baseboards, window and doorframes, wall cracks and local areas of floors. Do not spray animals. Spray surfaces until wet. Avoid excessive wetting of plastic, rubber, and asphalt surfaces such as tiles and floor coverings. repeat as needed.
