

Sniper

Ant & Roach Insecticide Spray

Sniper is water-based crawling insect killer fortified with d-Trans allethrin for long-term residual killing action. Special dust spray valving allows for misting spray and stream type spray for crack and crevice applications. Residual formula kills pre-adult fleas for up to 42 days. Kills a wide variety of crawling insects including cockroaches, ants, crickets, sow bugs, spiders, earwigs, water bugs, silverfish, carpet beetles, ticks, adult fleas, and larvae. EPA Registered.

DIRECTIONS FOR USE

Spray **Sniper** into cracks, crevices, window and door frames, wall cracks, edges of carpeting, under carpets and rugs, around baseboards, under furniture, in closets, on shelving, behind and beneath cabinets, refrigerators, sinks, stoves, and in and around waste containers, and other places where these insects hide. Spray surfaces until wet. Directly contact as many insects as possible. For ants, spray trails and places where ants enter premises. Repeat as necessary for control.

See label for further instructions.

TECHNICAL DATA

Color.....	Clear
Scent.....	Solvent
Foaming	N/A
Solubility in Water	Complete
Density (lb/gal)	N/A
Flash Point	160°F
pH	6.5
