

Sparkle

Cleaner & Polish

Sparkle is a unique cleaner/polish for use on stainless steel, fiberglass, formica, chrome, finished wood, kitchen appliances, etc. **Sparkle** leaves a high gloss, helps resist finger marks, and creates a dust resistant surface. Excellent for use in health care facilities, schools, office buildings, industrial plants, food-processing plants, etc. Not for use on wood flooring. USDA C-1

DIRECTIONS FOR USE

Fill spray bottle with **Sparkle** and gently shake. Spray with a fine mist onto the surface to be polished. Wipe off with a clean, soft, absorbent cloth using a circular motion until the surface is clean and bright. For small and hard-to-reach areas, spray **Sparkle** directly onto cloth and wipe.

TECHNICAL DATA

Color.....	White Emulsion
Scent.....	Lemon
