

# Spot Gone

## Laundry Spotter Liquid

**Spot Gone** safely removes spots and stains from garments, upholstery, draperies, carpets, and vinyl materials. Removes grease, baby formula, oil, blood, perspiration, medicines, tar, lipstick, shoe polish, cosmetics, most inks, crayons, pencil, smoke film, pet stains, beverages, food, juices, glue, adhesives, tobacco, and mildew stains.

DIRECTIONS FOR USE

STAIN REMOVER: Test for color fastness. Use **Spot Gone** full strength. Apply to soiled areas, rub in thoroughly. Rub out with clean, damp cloth and let dry. PRE-WASH OR DRY CLEANING STAIN REMOVER: Apply **Spot Gone** full strength to soiled area. Rub into fabric and put garment into normal wash or dry cleaing cycles. Do not use on suede or silk. GUM AND STUBBORN STAINS: Apply **Spot Gone** to spots and let soak 4 hours. Some spots and stains may require additional soaking. Apply **Spot Gone** to gum; work liberally into fabric. Gum will ball up into small pieces for easy removal.
