

LTR Low Temperature Rinse Aid

Rinse Agent for Low Temp Dish Machines

LTR Low Temperature Rinse Aid is a high-quality rinse aid designed for top performance in low temperature commercial dishwashing machines. Provides excellent drying and rinsing characteristics which will produce superb dishwashing results in one pass, even under difficult operating conditions. Contains special additives to produce superior results in difficult water conditions.

Directions for Use

For machine use only – not for manual hand washing of utensils. This product is designed to be dispensed with equipment installed and/or approved by your Service Representative. Performs well at low concentrations for economical use however, may require a higher concentration for more challenging soil loads or water conditions. Ideal wash temperatures for this product range is 140° but water as low as 120° will produce acceptable results, although slower drying times may occur.

Safety Reminder

Consult product label and Safety Data Sheet (SDS) before use. SDS's may be downloaded from www.gatorchemical.com.

Technical Specifications

Color	Blue
Scent	None
Foaming	Low
Solubility in Water	Complete
Density (lb/gal)	8.5
Flash Point	N/A
pH	7.0-8.0

Item Number

6000204

Packaging

5 Gallons
