

## Gator Chemical Company COVID-Effective Products

Gator Chemical Company currently produces 3 EPA approved disinfectants effective against COVID-19. **NAC Disinfectant (EPA Reg. No. 1839-83-12661)** is available for purchase in quarts or gallons. **DCS-100N (EPA Reg. No. 1839-166-12661)** and **DCS-200N (EPA Reg. No. 1839-169-12661)** are available for purchase in 1 gallon, 2.5 gallon, 5 gallon, 15 gallon, and 55 gallon sizes.

**NAC Disinfectant, DCS-100N, and DCS-200N** kill SARS-CoV-2, which causes COVID-19\*\* on hard non-porous surfaces in just 60 seconds.

\*when used according to disinfection directions

\*\*SARS-Related Coronavirus 2

**NAC** is designed for use where housekeeping is a prime importance. When used as directed, this powerful, ready-to-use formula will clean and disinfect hard, non-porous surfaces such as walls, sink tops, furniture, telephones, shower stalls, bathtubs, hampers, cabinets, and bedsprings. In addition, **NAC** will deodorize those areas that are generally hard to keep fresh smelling such as garbage storage areas, empty garbage bins and cans, basements, and restrooms.

**DCS-100N** and **DCS-200N** are multi-purpose, pH neutral, germicidal detergent and deodorant products. They are effective in 400 ppm hard water with the presence of 5% organic soil load. Their no-rinse formula makes it safe for all hard floor surfaces. For use on hard, non-porous surfaces such as floors, walls, metal surfaces, porcelain, and plastic. **DCS-100N** and **DCS-200N** are Pseudomonacidal, Staphylocidal, Salmonellacidal, Bactericidal, Fungicidal, Mildewstat, and Virucidal.
