

# Hot Shot

## Low Temperature Dishmachine Detergent

**Hot Shot** is a high alkaline detergent that breaks down stubborn food soil, grease, and oil. High performance formula for use in all water conditions, on all soil loads.

### Directions for Use

**For machine use only – not for manual hand washing of utensils.** This product is designed to be dispensed with equipment installed and/or approved by your Service Representative. Performs well at low concentrations for economical use however, may require a higher concentration for more challenging soil loads or water conditions. The ideal wash temperature for this product is 140°, but water as low as 120° will produce acceptable results, although slower drying times may occur.

### Safety Reminder

Consult product label and Safety Data Sheet (SDS) before use. SDS's may be downloaded from [www.gatorchemical.com](http://www.gatorchemical.com).

### Technical Specifications

Color	Red
Scent	Chemical
Foaming	Low
Solubility in Water	Complete
Density (lb/gal)	9.0
Flash Point	N/A
pH	13.0-14.0

### Packaging

4 x 1 Gallons  
 5 Gallons  
 15 Gallons  
 55 Gallons  
 250 Gallons
