Glycerin	56-81-5	0-5	

### 4. FIRST AID MEASURES

#### First aid measures

<b>Skin Contact</b>	If irritation persists, wash skin with water.
<b>Eye contact</b>	Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids. If irritation persists seek medical advice or attention.
<b>Inhalation</b>	Remove to fresh air. Get medical attention if symptoms occur.
<b>Ingestion</b>	Consult a physician or poison control center immediately. Do not induce vomiting, never give anything by mouth to an unconscious person.
<b>Note to physicians</b>	Treat symptomatically.

### 5. FIRE-FIGHTING MEASURES

#### Suitable extinguishing media

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

#### Unsuitable extinguishing media

High Volume water jet

#### Specific hazards arising from the chemical

Fire Hazard. Keep away from heat sources of ignition. Flash back possible over considerable distance. Beware of vapors accumulating to form explosive concentrations. Vapors can accumulate in low areas.

#### Hazardous combustions products

Carbon Oxides

#### Special Protective equipment for fire fighters

Use personal protective equipment

#### Specific Extinguishing methods

Use water spray to cool unopened containers. Fires residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations. In the event of fire and/or explosion, do not breathe fumes.

### 6. ACCIDENTAL RELEASE MEASURES

#### Personal precautions

Remove all sources of ignition. Ensure clean-up is conducted by trained personnel only. Refer to protective measures in Section 7 and 8.

#### Environmental precautions

Do not allow contact with soil, surface or ground water.

#### Methods and material for containment and cleaning up

Eliminate all ignition sources if safe to do so. Stop leak if safe to do so. Contain spillage, and then collect with non-combustible absorbent material (e.g., sand earth, diatomaceous earth, vermiculite) and place in container for disposal according to local, state, and federal regulations (See Section 13). Flush away traces with water. For large spills, dike spilled material or otherwise contain material to ensure runoff does not reach a waterway

**7. HANDLING AND STORAGE**

**Precautions for safe handling**

Avoid contact with eyes. Take necessary action to avoid static electricity discharge (which might cause ignition of organic vapors). Keep away from fire, sparks and heated surfaces. Wash hands thoroughly after handling. Use only with adequate ventilation.

**Storage Conditions**

Keep containers tightly closed in a dry, cool and well-ventilated place. Keep away from sources of ignition. Keep out of reach of children. Temperature 0-45 degrees C

**Incompatible materials**

None known based on information supplied.
